

Call for Evaluation Consultancy: UNFPA Namibia 5th and 6th Country Programmes (2014-2018 and 2019- 2023)

Background:

The United Nations Population Fund (UNFPA) is the United Nations sexual and reproductive health agency. Its mission is to deliver a world where every pregnancy is wanted, every childbirth is safe and every young person's potential is fulfilled. Within the framework of the Sustainable Development Goals and the [Programme of Action of the International Conference on Population and Development \(ICPD\)](#), UNFPA is working towards three transformative results: (i) zero preventable maternal deaths; (ii) zero unmet need for family planning; and (iii) zero gender-based violence and harmful practices, including female genital mutilation and child, early and forced marriage.

The UNFPA Namibia Country Office (CO) is currently implementing the 6th Country Programme (CP) 2019-2023 with the Government of the Republic of Namibia and other partners. The goal of the CP is to achieve universal access to sexual and reproductive health, realize reproductive rights and reduce maternal mortality, to improve the lives of women, adolescents and youth. In pursuit of this goal, the UNFPA Namibia CO seeks to achieve results in the following **thematic areas of programming under the CP: sexual and reproductive health and rights; adolescents and youth; and gender equality and women's empowerment.**

Purpose, objectives and scope:

In line with the 2019 UNFPA Evaluation Policy, the UNFPA Namibia CO is planning to conduct an evaluation of its 6th CP (2019 - 2023). The purpose of the Country Programme Evaluation (CPE) is to strengthen accountability to stakeholders, support evidence-based decision-making, and improve learning. The overall objective of the CPE is to provide an independent assessment of the relevance and performance of the CP and to broaden the evidence base for the design of the next programme cycle.

The evaluation will cover all interventions in all the thematic areas of the CP, which have been implemented across Namibia during the programme's period. The thematic areas are described in section 3 of the terms of reference. In addition, the evaluation will also cover cross-cutting issues, such as human rights, gender equality, disability, displacement and migration status, and transversal functions, such as coordination, monitoring and evaluation, innovation, resource mobilization, and strategic partnerships.

Evaluation team:

The CPE will be conducted by a multidisciplinary team of consultants. They should collectively have the qualifications and experience to design and implement a methodologically robust evaluation and cover all the above-mentioned thematic areas of the CP. The evaluation team will consist of:

- **Team leader:** An international consultant with primary responsibility for the design of the evaluation methodology and the coordination of the evaluation team, as described in **section 12.1**

of the terms of reference. The team leader will also demonstrate the qualifications, experience and skills required to serve as a technical expert for one of the thematic areas.

- **Thematic expert 1:** National consultant who should demonstrate the qualifications, experience and skills required to serve as technical expert in at least one of the thematic areas, as described in **section 12.1 of the terms of reference.**
- **Thematic expert 2:** National consultant who should demonstrate the qualifications, experience and skills required to serve as technical expert in at least one of the thematic areas, as described in section 12.1 of the terms of reference.
- **Young and emerging evaluator:** A national consultant (recent university graduate or young evaluation professional with limited experience) who will provide support to the evaluation team throughout the evaluation process, as described in section 12.1 of the terms of reference.

The evaluation team will conduct the CPE under the supervision of the evaluation manager in the UNFPA Namibia CO from April - November 2022.

In their application, the candidates must clearly indicate the thematic area(s) for which they demonstrate the requested expertise, as well as the role (team leader or team member) that they intend to perform. Based on their qualifications, experience and skills, the candidates may propose to cover more than one thematic area.

Please see the attached terms of reference for more details on the CPE as well as on the required qualifications and experience of the team leader and team members (section 12.2). Section 10 indicates the evaluation timeline and the expected evaluation deliverables are described in section 8.

How to apply:

Interested individuals with the required qualifications and experience should submit their application to namibia-procurement@unfpa.org, with the subject line “Application for CPE consultancy”. **The subject line should also clearly indicate the role** (e.g. team leader; thematic expert; and a young and emerging evaluator) for which they would like to be considered. They must also indicate the area(s) of thematic expertise of the CP they can cover (e.g. sexual and reproductive health and rights and adolescents and youth; gender equality and women’s empowerment). Young and emerging evaluators are not expected to indicate a thematic area of expertise.

The application should include:

- A cover letter, indicating the candidate’s motivation for this consultancy as well as relevant expertise and experience.
- An updated copy of the curriculum vitae (CV) and a duly completed [P11 UN Personal History Form](#).
 - Names and contact information of three references.

- A recent evaluation report or other type of writing sample in English (from a similar assignment) drafted by the candidate.
- Availability and expected daily rate for consultancy services.

The **closing** date for the submission of applications is **11 March 2022 at 17h00, CAT**.

Only those candidates who meet all qualifications and experience will be contacted for further consideration. Incomplete applications will be automatically disqualified.

Disclaimer:

UNFPA does not charge any application, processing, training, interviewing, testing, or another fee in connection with the application or recruitment process. Should you have received a solicitation for the payment of a fee, please disregard it. Furthermore, please note that emblems, logos, names, and addresses are easily copied and reproduced. Therefore, you are advised to apply particular care when submitting personal information on the web. Should you feel that you have received a fraudulent notice, letter, or offer that makes use of the name or logo of UNFPA, you may submit a report through the UNFPA fraud hotline <http://www.unfpa.org/help/hotline.cfm>.
